

Gas Holder Oils

Product	Kin. Viscosity cSt at 40 °C	VI Min.	Pour Point °C, Max.	Flash Point COC, °C, Min.	Description / Application
Servoseal G 46	42 – 50	90	(-) 15	200	Servoseal oils have been developed as a sealant for the gas holders in the steel industry and specially formulated to be compatible with the material of construction of the gas holders and the seals. Servoseal protect the metal surfaces from rust and corrosion and are unaffected by the gas holder gases. These oils pass the stringent MAN test for water separating characteristics.
