

**IndianOil facilitates vendors & suppliers to discount their bills through TReDS (Trade Receivables Discounting System)**

[Link page](#)

**Trade Receivables Discounting System:**

**TReDS (Trade Receivables Discounting System)** is an institutional setup under regulatory framework set up by RBI under Payment and Settlement Systems Act, 2007 for the flow of finance to **Micro, Small and Medium enterprises (MSMEs)** and resolve the credit challenges faced by them through multiple financiers at a competitive rate and without recourse to the MSME vendor.

TReDS is an electronic exchange which connects MSME vendors with corporate buyers & banks that allows transparency and selling of their receivables at competitive interest rates through online bidding process by multiple bankers, thus it helps MSME vendors to unlock their working capital quickly. It is a paperless, digital & transparent platform.

**As of now, RBI has licensed for three platforms and IndianOil is registered with all three platforms for our MSME vendor benefit. All the MSME vendors are requested to register on any one or more of the following three platforms.**
