

Semi-Synthetic Refrigeration Compressor Oils

Product	Kin. Viscosity cSt at 40 °C	Pour Point °C, Max.	Flash Point COC, °C Min.	Description / Application
Servofriz S 22	20 – 24	(-) 45	144	Servofriz S oils are premium lubricants having low pour point and meet the lubrication requirement of reciprocating and rotary refrigeration compressors. Servofriz S oils are recommended for use with all fluorocarbon refrigerants and with hydrocarbons and ammonia in refrigeration and air conditioning applications where the evaporation temperatures are lower than the pour point of the oil.
Servofriz S 32	29 – 35	(-) 30	154	
Servofriz S 46	42 – 50	(-) 27	160	
Servofriz S 57	54 – 60	(-) 24	164	
Servofriz S 68	62 – 74	(-) 24	170	
Servofriz S 100	90 – 110	(-) 24	200	
Servofriz S 150	135 - 165	(-) 24	225
